

20th Annual Congress of the Asia Pacific Hernia Society (APHS) and 19th Annual Congress of Hernia Society of India (HSI) Scientific Program

Day 1, 19th September 2025 (Hall- Nyhus)

07.30 AM onwards	Registration	
Time	Topic	Speaker
0845 - 1015	Session 1: vWorkshop The Master Musings	
Chairpersons : Dr Le Quan Anh Tuan, Dr Manish Baijal, Dr B S Pathania, Dr Vikas Panwar		
0845 - 0900	IPOM Plus	Dr Avinash Katara
0900 - 0915	TAPP (Groin)	Dr Jan Kukleta
0915 - 0930	TAPE	Dr Anil Sharma
0930 - 0945	TARM	Dr Ashwin Masurkar
0945 - 1000	Pe TEP	Dr Miguel Angel Garciaurena
1000 - 1015	Hiatus Hernia	Dr Vijay Borgaonkar
1020 - 1100	Session 2 : Keynote Address	
Chairpersons : Dr Henning Niebuhr, Dr Uday Muddebihal, Dr V K Bansal, Dr John Thanakumar		
1020 - 1040	Endo / Laparoscopic repair of lateral hernias	Dr Vimal Vasudeavan
1040 - 1100	How the anatomy changed my cranial approach of the abdominal wall reconstruction	Dr Miguel Angel Garciaurena
1100 - 1125	Tea break & Exhibition walk through	
1125 - 1130	Welcome Address	
1130 - 1150	Session 3 : APHS Presidential Lecture	
Chairpersons : Dr Pradeep Chowbey, Dr Davide Lomanto, Dr Barlian Sutedja		
1130 - 1150	APHS Presidential Lecture - Evolution of Abdominal Wall Hernia Repair Current Perspective	Dr Rajesh Khullar
1155 - 1225	Session 4 : HGD Oration	
Chairpersons : Dr Pradeep Choubey, Dr Vijay Borgaonkar, Dr Deepraj Bhandarkar, Dr Sarfaraz Baig		
1155 - 1225	Panta Rhei! How abdominal core health may change the life of a Surgeon	Dr Jan Kukleta
1230 - 1245	Session 5 : Reimagine Mesh	
1245 - 1340	Lunch	
1340 - 1500	Session 6 : The bug and the hernia bed	
Chairpersons : Dr Allen Buenafe, Dr Arun Prasad, Dr Cheng Chung Tsai, Dr Srejoy Patnaik, Dr Pankaj Modi		
1340 - 1350	An infected mesh following AWR	Dr Sudhir Kalhan
1350 - 1400	Concomitant Hernia Repair: Reducing mesh-related complications in clean contaminated fields, Role of Phasix	Dr Randeep Wadhawan
1400 - 1410	Concomitant surgery with hernia repair	Dr Nozomi Ueno
1410 - 1420	Management of Atypical Mycobacterial infections	Dr Aparna Deshpande

1420 - 1430	Inadvertent Enterotomy – What now?	Dr George Yang
1430 - 1440	Prophylactic Antibiotic Regimens in Hernia Repair: Outcomes and Experiences	Dr Pham Minh Hai
1440 - 1450	Live Illustrative Endoscopic Anatomy - Hernia Procedures	Dr Varun Raju Thirumalagiri
1450 - 1500	Loss of Domain in complex ventral hernias	Dr Ramesh Punjani
1505 - 1535	Session 7 : Debate 1: TAR gone too Far	
Chairpersons : Dr Rolf Hartung, Dr Jaydeep Palep, Dr Mahendera Narwaria, Dr Takeyuki Misawa		
1505 - 1520	Agree	Dr Henning Niebuhr
1520 - 1535	Disagree	Dr Miguel Angel Garciaurena
1540 - 1630	Session 8 : Mesh Controversies	
Chairpersons : Takehiro Hachisuka, Dr Meenakshi Sharma, Dr Atul Wadhwa, Dr K N Srivastava, Dr Sushant Soren		
1540 - 1550	Parastomal hernia prevention with a prophylactic mesh	Dr Barlian Sutedja
1550 - 1600	Bilateral TAPP repair for unilateral inguinal hernia	Dr Gurbankhan Muslumov
1600 - 1610	Use of mesh in clean contaminated surgery	Dr Ashwin Thangavelu
1610 - 1620	Is Resorbable mesh the way forward?	Dr Basim Alkhafaji
1620 - 1630	Botulinum toxin in hernia repair - A conceptual Review	Dr Feras Alsannaa
1630 - 1645	Tea break & Exhibition walk through	
1645 - 1745	Session 9 : The Tech Savvy Surgeon	
Chairpersons : Dr Sudhir Kalhan, Dr M Ramesh, Dr Ashish Gautam, Dr Atul Wadhawa		
1645 - 1655	Robotic TAPP for Ventral Hernia - The optimal usage of technology	Dr Ashish Dey
1655 - 1705	Adopting Technology in surgical practice – A Mindset!	Dr Jose Macario Faylona
1705 - 1715	Is Robotic Surgery the future?	Dr Davide Lomanto
1715 - 1725	Using social media responsibly	Dr Aali Sheen
1725 - 1735	Advantages of Robotic IPOM and IPOM Plus Techniques	Dr Sung Il Choi
1735 - 1745	IPOM plus to eTEP to r eTEP - What have we learnt !	Dr Vivek Bindal
1800 - 1900	Convocation and Inauguration	
1930 onwards	Gala Dinner at J W Marriott	

Day 1, 19th September 2025 (Hall- Bogros)

07.30 onwards	Registration	
Time	Topic	Speaker
0845 - 1015	Session 1 : vWorkshop The Master Musings	
Chairpersons : Dr Jose Macario Faylona, Dr Lakshmi Kona, Dr Ajaz Malik, Dr Vikas Singhal		
0845 - 0900	TEP	Dr Suthep Udomsawaengsup
0900 - 0915	eTEP (Groin)	Dr Mandar Gadgil
0915 - 0930	eTEP RS / TAR	Dr Sarfaraz Baig
0930 - 0945	eMILOS	Dr Wolfgang Reinpold
0945 - 1000	SCOLA	Dr T Sivakumar
1000 - 1015	TAPP Ventral	Dr George Yang
1020 - 1100	Session 2 : Keynote Address	
Chairpersons : Dr Vimal Vasudeavan, Dr Anil Sharma, Dr M Mahir Ozmen, Dr V Venkatesh		
1020 - 1040	TAPP for Ventral Hernia - The Way Forward	Dr Archana Ramaswamy
1040 - 1100	Hernia Prevention first - is there a best fascial closure?	Dr Rene Fortelny
1100 - 1130	Tea break & Exhibition walk through	
1130 - 1300	Plenary Sessions in Hall A	
1245 - 1340	Lunch	
1340 - 1500	Session 3 : Optimising patients for a difficult hernia surgery	
Chairpersons : Dr Basim Alkhafaji, Dr Deep Goel, Dr Ashish Vashishtha, Dr Chin Hung Tsai		
1340 - 1350	Loss of Domain, a mountain to climb!	Dr Jignesh Gandhi
1350 - 1400	Future of Surgery - A Robotic Revolution	Dr Mark Slack
1400 - 1410	ERAS protocols for complex hernias	Dr Achal Gupta
1410 - 1420	The cardiac patient: tread carefully!	Dr Alfred Augustine
1420 - 1430	Botulinum toxin – for large hernias the new fix	Dr Le Quan Anh Tuan
1430 - 1440	Giant inguinal hernia – a stepwise approach	Dr Pravin Bhatia
1440 - 1450	Training in Endo Hernia Surgery - Can we do it better?	Dr M Ramesh
1450 - 1500	Advantages of Robotics in a difficult groin hernia	Dr Harish Kakkilaya
1505 - 1535	Session 4 : Debate 2: eTEP too much for too little	
Chairpersons : Dr Barlian Sutedja, Dr M C Misra, Dr S K Basu, Dr Praveen Bhatia		
1505 - 1520	Agree	Dr Gafoor Mubark
1520 - 1535	Disagree	Dr Ganesh Shenoy
1540 - 1630	Session 5 : Peripheral Hernias	
Chairpersons : Dr Sung Il Choi, Dr Muralidhar Kathalagiri, Dr Atul Mishra, Dr K G Mathew, Dr Arun Anand		
1540 - 1550	Anatomical aspects of lumbar / lateral hernias.	Dr Sameer Rege
1550 - 1600	Retromuscular repair of large lumbar hernia	Dr Pinak Dasgupta
1600 - 1610	Spigelian Hernia / Iliac fossa hernia	Dr V K Bansal
1610 - 1620	Subxiphoid anatomy and the access to subdiaphragmatic space	Dr Miguel Angel Garciaurena

1620 - 1630	Suprapubic hernia.	Dr Sudesh Sarda
1630 - 1645	Tea break & Exhibition walk through	
1645 - 1735	Session 6 : Complex Groin Hernia	
Chairpersons : Dr M R Attri, Dr Ashish Ahuja, Dr Prabal Roy, Dr Saurabh Misra		
1645 - 1655	TAPP repair for recurrent hernia after TEP/TAPP repair?	Dr Ajay Kriplani
1655 - 1705	Endoscopic repair in a scarred abdomen, is it worth the risk?	Dr Allen Buenafe
1705 - 1715	Minimally Invasive Surgery for Acute Groin Hernia	Dr Rakesh Gupta
1715 - 1725	TAPP in Immediate Post-op recurrence	Dr Sunil Popat
1725 - 1735	The multiple recurrent hernia!	Dr Rolf Hartung
1735 - 1745	Navigating Scars in Traumatic Groin Hernia	Dr Tushar S Mishra
1800 - 1900	Convocation and Inauguration	
1930 onwards	Gala Dinner at J W Marriott	

Day 1, 19th September 2025 (Hall- Retzius)

07.30 onwards	Registration	
Time	Topic	Speaker
0845 - 1015	Session 1: Experience Session 1 - Groin	
Chairpersons : Dr Ashish Dey, Dr Sanjeet Rai, Dr Shailesh Adhikari, Dr Ankur Patel, Dr Bachan Singh		
0845 - 0853	Prediction Of Incidental Obturator Hernia Using Preoperative CT	Dr Akihiro Nakamura
0853 - 0901	Robotic Inguinal Hernia Repair “ Early Experience From A Tertiary Care Centre	Dr Arpita Mishra
0901 - 0909	Endoscopic Redo Repair In A Recurrent Femoral Hernia In A Marfanoid Female Student	Dr Boyina Rajendra
0909 - 0917	Laparoscopic Day Surgery For Groin Hernia; Perioperative Strategies For Preventing Complications	Dr Katsuya Ota
0917 - 0925	Giant Inguinal Etep	Dr Nitinchandra Khairnar
0925 - 0933	Experience of 1st Tele Robotic Hernia Surgery	Dr Mahak Bhandari
0933 - 0941	Robot Assisted Inguinal Hernia Repair (Rtapp) Repair Post-Radical Prostatectomy	Dr Rajat Bharati Gupta
0941 - 0949	Robotic TAPP for Inguinal Hernia Decoded	Dr Udipta Ray
0949 - 0957	Management Of Infected Mesh After Inguinal Hernia Repair	Dr Aditya Baksi
0957 - 1005	Concomitant repairs - A dilemma !	Dr Sarvana Kumar
1005 - 1013	Establishing Centre of Excellence in Hernia Surgery	Dr Sudhir Jadhav
1100 - 1130	Tea break & Exhibition walk through	
1130 - 1245	Plenary Sessions in Hall A	
1245 - 1340	Lunch & APHS Ex-Com Meeting	
1340 - 1500	Session 2 : Obesity and Hernias	
Chairpersons : Dr J B Aggarwal, Dr Aparna G Bhasker, Dr Atul NC Peter		
1340 - 1350	Looking beyond BMI in hernia repair	Dr Suthep Udomsawaengsup
1350 - 1400	Algorithm for ventral hernia repair with obesity	Dr Pawaninder Lal
1400 - 1410	Combining hernia and weight loss surgery, evidence/practical approach!	Dr Ramesh Agarwalla
1410 - 1420	Role of Robotics in hernia surgery for obese	Dr Arun Prasad
1420 - 1430	Role of preoperative weight loss with medications	Dr Ramen Goel
1430 - 1440	Hernia Repair in High-risk patients and contaminated fields; is Phasix closing the Gap	Dr Neeraj Goyal
1440 - 1450	Emergency Hernia Repair in severe obesity	Dr Sandeep Agarwal
1450 - 1500	Ventral Hernia and Obesity - No mesh or Mesh and best placed where	Dr Ritu Khare
1505 - 1537	Session 3: Experience Session 2 - Challenging Situations	
Chairpersons : Dr Sathien Tumtavitikul, Dr Ashutosh Soni, Dr Ishant Chaurasia, Dr Mumtaz Ansari, Dr Naveen Verma		
1505 - 1513	Chronic Postoperative inguinal pain after Hernia Repair : Is the Surgical Route the Key Factor?	Dr Song Geum Jong
1513 - 1521	Colobronchial Fistula Presenting As Chronic Feculent Cough Following Diaphragmatic Mesh Hernia Repair	Dr Devender Singh
1521 - 1529	When The Posterior Rectus Sheath Fails: A Surprising Turn After Etep Rs Repair	Dr Rashmiranjan Sahoo
1529 - 1537	Robotic Ventral Hernia (TAPP)	Dr Rajesh Sinha

1540 - 1630	Session 4: Experience Session 3 - Complex Situations	
Chairpersons : Dr P K Dewan, Dr Pankaj Khandelwal, Dr Rouf Wani, Dr Ravinder Malhotra, Dr Chandramouli		
1540 - 1548	Preoperative Botulinum Toxin Injection In Complex Abdominal Wall Hernia With Loss Of Domain In The Philippines: A Case Series Of Initial Outcomes	Dr Cherrie Ann Angon
1548 - 1556	The Stenting & Shielding (S&S) Hernia System: Pioneering the Future of Dissection-Free, Trauma-less Regenerative Hernia Repair	Prof. Giuseppe Amato
1556 - 1604	Complex Situation in Hital Hernias	Dr Gyan Saurabh
1604 - 1612	Beyond The Mesh: The Peritoneal Flap Technique For Durable Incisional Hernia Reconstruction	Dr Manish Kumar Agrawal
1612 - 1620	From Impossible to Closed : The Magic of ACST	Dr Vani Vijay
1620 - 1628	Laparoscopic Pre-Peritoneal Repair of Post CABG Subxiphoid Hernia	Dr Ramya Ranjan Behera
1630 - 1645	Tea break & Exhibition walk through	
1645 - 1725	Session 5: Experience Session 4 - Ventral / Incisional	
Chairpersons : Sujith Wijerathne, Dr Harmeet Paul, Dr Arush Sabharwal, Dr Rajesh Sinha, Dr Ritu Khare		
1645 - 1653	A Retrospective Cohort Study Comparing Short-Term Outcomes Of Enhanced Total Extraperitoneal (Etep) And Robotic Transabdominal Pre Peritoneal (Rtapp) Mesh Repairs For Primary Midline Ventral Hernias (Pmvh)	Dr Chukka Gautam Kumar
1653 - 1701	eTEP RS for Subcostal Hernia	Dr Aishwarya Varma
1701 - 1709	A Case Report: Abdominal Wall Reconstruction In A Four Time Recurrent Incisional Hernia With Infected Mesh	Dr Nihar Parmar
1709 - 1717	A Case of Complex Abdominal Wall Hernia (EHS L4W2; M3W1) s/p ERCP Pancreatic Duct Stent Insertion, s/p VARD	Dr Rafael Lorenzo De Taza
1717 - 1725	Preperitoneal E-Tep For Primary Midline Ventral Hernias	Dr Ramji Khetri
1725 - 1733	N-Butyl-2-Cyanoacrylate Tissue Adhesive versus Sutures for Sublay Mesh Fixation in Ventral Hernia Repair: A Randomized Controlled Trial	Dr Siddharth R
1733 - 1741	An Interesting Case of IPOM to IPOM plus redo	Dr Sanjay Kumar Saroj
1800 - 1900	Convocation and Inauguration	
1930 onwards	Gala Dinner at J W Marriott	
Day 1, 19th September 2025 (Pre-Function Area)		
Time	Topic	
1430 - 1630	Poster Presentation	

20th Annual Congress of the Asia Pacific Hernia Society (APHS) and 19th Annual Congress of Hernia Society of India (HSI) Scientific Program

Day 2, 20th September 2025 (Hall- Nyhus)

07.30 onwards	Registration	
Time	Topic	Speaker
0830 - 0930	Session 10 : vWorkshop The Master Musings	
Chairpersons : Dr Subhash Khanna, Dr Anthony Tech		
0830 - 0845	rTAPP (Groin)	Dr Vishal Soni
0845 - 0900	r eTEP (Ventral)	Dr Magan Mehrotra
0900 - 0915	rTAPP (Ventral)	Dr Randeep Wadhawan
0915 - 0930	eTEP TAR for Ventral Hernia	Dr. R. Parthasarathi
0935 - 1015	Session 11 : Keynote Address	
Chairpersons : Dr Archana Ramaswamy, Dr John Thanakumar, Dr Abhay Dalvi, Dr J B Agarwal		
0935 - 0955	Evolution of the E/MILOS concept - an experience of 16 yrs	Dr Wolfgang Reinhold
0955 - 1015	IFT (Fasciotens) as a new tool in the box of complex hernia repair - Technique and Results	Dr Henning Niebuhr
1020 - 1100	Session 12 : Wisdom and Safety	
Chairpersons : Dr Manmohan Kamat, Dr Rajesh Sharma, Dr Dinesh Kardam, Dr Ratna Chopra		
1020 - 1030	When should a Surgeon hang up the scalpel - in the present era	Dr Uday Mudebihal
1030 - 1040	Safe Cross over in eTEP Ventrals	Dr Ajesh Gopal
1040 - 1050	Work and Life balance for a Surgeon	Dr B S Pathania
1050 - 1100	Infections in Endohernia Surgery - A learning of 3 decades	Dr Prabal Roy
1100 - 1115	Tea break & Exhibition walk through	
1115 - 1135	Session 13 : Founder APHS President Lecture	
Chairpersons : Dr Jan Kukleta, Dr C Palanivelu		
1115 - 1135	Founder APHS President Lecture	Dr Pradeep Chowbey
1140 - 1200	Session 14 : HSI Presidential Lecture	
Chairpersons : Dr Rajesh Khullar, Dr Ramesh Agarwalla, Dr Zameer Pasha		
1140 - 1200	HSI Presidential Lecture	Dr Vijay Borgaonkar
1205 - 1230	Session 15 : New Horizons	
Chairpersons : Dr Deepraj Bhandarkar , Dr Manish Baijal		
1205 - 1230	From Scalpel to Summit - My Tryst with Mount Everest	Dr Murad Lala
1230 - 1330	Session 16 : The Turning Point	
Chairpersons : Dr Archana Ramaswamy, Dr V Venkates		
Moderator : Dr Harsh Sheth		

1230 - 1330	Panel discussion	Panelists: Dr Nidhi Khandelwal, Dr Pallawi Priya, Dr Mahak Bhandari, Dr Priyank Chelawat, Dr Shivanshu Mishra, Dr Muddassir Nisar, Dr Vikas Singhal, Dr Erbaz Riyaz Momin, Dr Anupam Goel, Dr Mansimrat Paul Singh
1330 - 1410	Lunch	
1410 - 1500	Session 17 : Controversies	
Chairpersons : Dr Tarun Mittal, Dr Jitender Chawla, Dr S K Bhartiya, Dr Rajesh Sharma		
1410 - 1420	rTAPP - Are we justified	Dr Jaydeep Palep
1420 - 1430	Laparoscopic Vs Robotic Nissen's Fundoplication A Comparative Study	Dr Ashish Vashistha
1430 - 1440	Strategic retreat in hernia repair	Dr Deep Goel
1440 - 1450	Open groin hernia repair - The quick fix for elderly	Dr Vikas Panwar
1450 - 1500	What's beyond TEP - TEP +	Dr Sujith Wijerathne
1500 - 1515	Tea break & Exhibition walk through	
1515 - 1615	Session 18 : Award Session 2	
Chairpersons : Dr Sandeep Agarwal, Dr Rajesh Bhojwani, Dr Sanjay Saroj, Dr Sushama Surapaneni		
1515 - 1523	Modified Peritoneal Flap Hernioplasty For Large M1/2/3/4 W3 Incisional Hernia In A Patient Of P/H/O Burst Abdomen	Dr Nilesh Dabhade
1523 - 1531	IPOM - The Gold Standard ?	Dr Ashutosh Kesar
1531 - 1539	Evaluation Of Causes Of Recurrent Ventral Hernia- Single Institute Study From Tribal India	Dr Nitin Baste
1539 - 1547	Long-Term Outcomes Following Totally Extraperitoneal (Tep) Versus Transabdominal Preperitoneal (Tapp) Repair In Large Inguinoscrotal Hernias: An Experience Of Over Two Decades	Dr Ankita Bajpai
1547 - 1555	Role of preoperative Botulinum toxin in facilitating component separation for Complex ventral hernia : outcomes from a single center experience	Dr Anmol Ahuja
1555 - 1603	A Case Of Parastomal Hernia And Groin Hernia Treated By Laparoscopic Sugarbaker Technique And Transabdominal Preperitoneal Repair	Dr Seiji Kitajiri
1603 - 1611	Extended-View Totally Extraperitoneal Approach With Rives-Stoppa And Transversus Abdominis Muscle Release: A Rare Case On Large Spigelian Hernia With Concomittant Incisional Hernia And Diastasis Recti	Dr Xandra Regina Martinez
1620 - 1650	Session 19 : The Great Hernia Challenge	
	Quiz Master - Dr Deepraj Bhandarkar	
1655 - 1725	Session 20 : HSI APHS	
1725 - 1755	Session 21 : DMC Session	
1725 - 1755	Legal Issues in Medical Practices: Current Perspectives	Dr Sumeet Shah
1800 - 1810	Session 22 : Valedictory Function	

Day 2, 20th September 2025 (Hall- Bogros)

07.30 onwards	Registration	
Time	Topic	Speaker
0830 - 0930	Session 7 : vWorkshop The Master Musings	
Chairpersons : Dr Suthep Udomsawaengsup, Dr Amitabh Goel, Dr OM Tantia		
0830 - 0845	Open RS / TAR (Ventral)	Dr Sumeet Shah
0845 - 0900	Fasciotens (Ventral)	Dr Sanjay Sonar
0900 - 0915	Peritoneal Flap (Ventral)	Dr Yusuf Afaque
0915 - 0930	Tissue / mesh repair (Groin)	Dr Jose Macario Faylona
0935 - 1015	Session 8 : Keynote Address	
Chairpersons : Dr Vandana Soni, Dr Subhash Aggarwal, Dr Ali Reza Eghtedari, Dr Satish Midha		
0935 - 0955	Sports Hernia - Inguinal Disruption or Pubalgia - Which is it and Why ?	Dr Aali Sheen
0955 - 1015	Innovation in Inguinal Hernia	Dr Davide Lomanto
1020 - 1100	Session 9 : Hernia Repair - The Cutting Edge	
Chairpersons : Dr Suvir Gupta, Dr Kumar Parth, Dr Aishath Azna Ali, Dr Ashwind Bawa		
1020 - 1030	Colour Guided Dissection : Redefining Anatomy with Yellow Enhancement	Dr Magan Mehrotra
1030 - 1040	Blunt & Bloodless - How to make Laparoscopic TEP safe, easy & reproducible	Dr Sumeet Toshniwal
1040 - 1050	Internal Hernias (Primary & acquired)	Dr Tarun Mittal
1050 - 1100	A Novel Technique Created For Parastomal Hernia Repair From A Hybridization Model Of Published Evidence: The Simple Approach.	Dr Gaurav Kulkarni
1100 - 1115	Tea break & Exhibition walk through	
1115 - 1330	Plenary Sessions in Hall A	
1330 - 1410	Lunch	
1410 - 1500	Session 10 : Hernia in productive and reproductive age	
Chairpersons : Dr Rakesh Gupta, Dr Vijay Mittal, Dr Amit Dewan, Dr Manoj Kumar, Dr Sree Krishna Phani Sankar		
1410 - 1420	Ventral hernia in child bearing age	Dr Bernd Stechemesser
1420 - 1430	Divarication of Recti with small primary hernia	Dr Amit Deepta Goswami
1430 - 1440	Sportsman hernia – The diagnostic dilemma!	Dr Sathien Tumtavitikul
1440 - 1450	Chronic groin pain – Management Algorithm	Dr Anubhav Vindal
1450 - 1500	PROM : Medium term outcomes support its addition into a hernia surgeon's armamentarium	Dr Kalpesh Jani
1515 - 1615	Session 11 : Panel discussion - Newer Procedures - Newer complications	
Moderator : Dr Sumeet Shah		
1505 - 1605	Panel discussion	Panelists: Dr Makhan Lal Saha, Dr Tushar S Mishra, Dr Vivek Bindal, Dr Archana Ramaswamy, Dr Praveen Bhatia, Dr Jignesh Gandhi
1655 - 1725	Session12 : GBM APHS	

Day 2, 20th September 2025 (Hall- Retzius)

07.30 onwards	Registration	
Time	Topic	Speaker
0830 - 0926	Session 6 : Experience Session 5 - A varied Landscape	
Chairpersons : Dr Atul Sharma Joshi, Dr Sumantra Ray, Dr Aloy Mukherjee, Dr Seo Kyung Won		
0830 - 0838	Reconstructing the Abdominal Wall: Selecting TAR or eTEP for Complex Incisional Hernias	Dr Ha Tae Kyung
0838 - 0846	Robotic- Assisted Repair Of Morgagni Hernia- A Case Based Video Demonstration	Dr Madhu Jha
0846 - 0854	First Robotic Inguinal Hernia Repair Using The Saroa Surgical System With Force Feedback	Dr Toshiro Tanioka
0854 - 0902	Short-Term Outcomes Of Robotic-Assisted Transabdominal Preperitoneal Repair(R-Tapp) For Inguinal Hernia And Surgical Techniques	Dr Tsukasa Tanida
0902 - 0910	Para esophageal hernia in an elderly	Dr Laksmi Kona
0910 - 0918	Video of Laparoscopic Diaphragmatic Eventration Repair	Dr Uma Maheswara Rao Kethineni
0918 - 0926	Robotic Subxiphoid And Subcostal Anatomy And Dissection In Etep Tar For Multiple Abdominal Border Hernias	Dr Amol S Jeur
0935 - 1050	Session 7 : Experience Session 6 - Pot pourri collection	
Chairpersons : Dr Sanjay Verma, Dr Pradeep Sharma, Dr Kim Hyung Jin, Dr Jinesh Doshi, Dr Sathish Narayanaswamy		
0935 - 0943	Concomitant Laparoscopic Etep-Tar And Mini Gastric Bypass In A Morbidly Obese Female With Complex Ventral Hernia M3M4 L3 W2 R1– A Video Presentation	Dr Akhilesh Manchala
0943 - 0951	When The Mesh Goes Rogue: Jejunal Fistula Years After Inguinal Hernia Repair	Dr Deepika Ca
0951 - 0959	Feasibility Of Re-Laparoscopy To Manage Complications Following Laparoscopic Inguinal Hernia Repair	Dr Rishabh Agarwalla
0959 - 1007	An Innovative Low Cost Technique For Intraoperative Abdominal Wall Extension (Awex)/Intraoperative Fascial Traction For Large Ventral Hernia Where Routine Meshes Can Not Be Used.	Dr S C Chhabra
1007 - 1015	Comparing Self-Gripping ProGrip Mesh And Prolene Mesh In Inguinal Hernia Repair: A Single Center Experience	Dr Abhinav Deep
1015 - 1023	Does The Size Of Groin Hernia Matter In Deciding A Choice Of Operation - A Video Presentation For A Giant Irreducible Inguinal Hernia ?	Dr Mahendra Lodha
1023 - 1031	Robotic Periumbilical & Rectus Diastasis Etep Mesh Repair With Abdominoplasty	Dr Sean Lee
1031 - 1039	Do Titanium - Coated Meshes Offer Advantages Regarding the Development of Seromas in Inguinal Hernia Surgery	Dr Bernd Stechemesser
1039 - 1047	TAPP : A Versatile Technique for Groin Hernia Repair	Dr Jitender Chawla
1115 - 1330	Plenary Sessions in Hall A	
1330 - 1410	Lunch	
1410 - 1500	Session 8 : Award Session 1	
Chairpersons : Dr Pawanindra Lal, Dr Iqbal Saleem, Dr Allen Buenafe, Dr Sachin Mittal		
1410 - 1418	A Randomised Controlled Trial Comparing Flat Lightweight Prolene Mesh And 3D Prolene Mesh In Laparoscopic Tep	Dr Aditi Bansal
1418 - 1426	Laparoscopic Approach To Traumatic Diaphragmatic Hernia: A Case Presentation	Dr Cherrie Ann Angon
1426 - 1434	Incisional Hernia Repair Using Etep: A 136-Case Single-Center Experience	Dr Kiyotaka Imamura
